

LIMITED ONE YEAR WARRANTY

We warrant that Market Forge Industries cooking equipment will be free from defects in material and factory workmanship for a period of one year from the EFFECTIVE WARRANTY DATE, which shall be the date the equipment is placed in service or 15 months from date of shipment from our factory, whichever comes first. Providing the equipment is unaltered, has been properly installed, had a free mechanical start-up by our authorized factory service agency and been properly maintained and operated, we will repair or replace, at our option, F.O.B. Everett, Massachusetts, that part of any such equipment that becomes defective due to defects in material and/or factory workmanship during the applicable warranty period, subject to the following limitations.

Market Forge Industries will replace, repair, or adjust at no cost any part of all equipment which becomes defective due to material or factory workmanship within the EFFECTIVE WARRANTY DATE. Any labor required for any such repair, replacement or adjustment after the effective warranty period shall be paid by the user or dealer. Adjustments are only covered in the first 90 days of the one-year warranty.

With respect to BOILER SHELLS only, there is an additional four (4) year warranty limited to the replacement of such shells. Whenever we replace a boiler shell after one (1) year from the EFFECTIVE WARRANTY DATE, the user shall pay a pro-rata share of the then selling price thereof based on the number of months elapsed from the EFFECTIVE WARRANTY DATE. There is no labor compensation when boiler shells are pro-rated. Boiler shells which have not been properly maintained will not be considered for proration; Factory inspection may be necessary.

OPTIONAL WARRANTY (BOILER SHELL ONLY)

With respect to BOILER SHELLS only, there is an additional one year full warranty* on the shell when the user and/or dealer has purchased the KLEENSTEAM FILTER OPTION from Market Forge Industries, Inc. The second year warranty is limited to new equipment only and the filter system must be purchased from Market Forge Industries, Inc., there is an additional four (4) year warranty limited to the replacement of such shells. Whenever a boiler shell is replaced beyond the two (2) year EFFECTIVE WARRANTY DATE, the user shall pay a pro-rata share of the then selling price thereof based on the number of months elapsed from the EFFECTIVE WARRANTY DATE. There is no labor compensation when boiler shells are pro-rated. Boiler shells which have not been properly maintained will not be considered for proration; Factory inspection may be necessary. *Proof of properly installing and maintaining the filter system to the manufacturers specifications is mandatory to insure the EFFECTIVE WARRANTY. The factory reserves the right to request all records pertaining to said claims against Market Forge Industries, Inc.

OPTIONAL SECOND YEAR WARRANTY

The cost of coverage on the optional second year warranty will be 2% of list price for each additional (12) months, not to exceed an additional (24) months. For each year of optional warranty purchased, the 2% of list price charge will be the net invoice amount. ***Boiler shells should be descaled every 90-120 days, by an authorized service agent to insure efficiency and prevent premature failure. There is a 90 day parts and labor warranty on the following: gaskets, steam traps, air vents, knobs, dynaseal washers, rubber washers, cathodic descalers or anodes, sight glass. Any parts used in conjunction with a boiler descaling (cleaning) are the responsibility of the owner/user regardless of time in use.**

All warranty service, labor or parts (shipped or replaced) must be performed by the appointed Market Forge Industries authorized service agent for your area. Any repairs performed by non-authorized services will void the warranty. We reserve the right to disallow any request for reimbursement of charges incurred by others.
